Case Study

1. "Splendid Holidays", one of the distinguished service providers of International and Domestic Tour & Travel. Due to their reliable and flexible services, they have earned a large number of customers across the nation. They want to upgrade their ERP software. As a product owner you have to identify all possible epic, Features and User Stories for the same
2. A large construction company engaged in real estate construction business decided to develop ERP through Astha softech. The output of system will be cost sheets detailing the relevant information for contracting, budgeting, progress monitoring and bill payment. Astha softech team has no domain knowledge. As a project manager, you have been asked to suggest risk management strategy after identifying the risk.
3. Uk based KPO company working on "License Management System". They are using number of expensive and licenced software tools. More than 5000 team members are sharing these tools. You have been deputed as project manager to ensure that a project finishesh within original budget, with the required scope of work and within the required timescales, and to ensure that throughout this process all the stakeholders, especially the client , are satisfied with the project results. [6]

Prepare Risk management process based on below

points i) Risk identification ii) Risk Analysis iii) Risk mitigation

4. On-line Exam System is very useful for Educational Institute to prepare an exam, save the time that will take to check the paper and prepare mark sheets. It will help the Institute to testing of students and develop their skills. But the disadvantages for this system, it takes a lot of times when you prepare the exam at the first time for usage. And we are needs number of computers with the same number of students. The effective use of "On-line Exam System", any Educational Institute or training centers can be use it to develop their strategy for putting the exams, and for getting better results in less time.
